Welcome

Hello Everyone,

Welcome to the 2026 Worcester Festival brochure.

This is the 24th consecutive Festival and it has broken all records – 1863 events, 1628 free (yes, really!), 100+ venues and 279 organisations and individuals partnering with us to deliver the events.

As I say every year, this is a people's festival, and there is a massive range of fun things to do, many of them for young people and families. Please do get involved and have a great time all round the City and beyond.

All up-to-date information can be found on our website, www.worcesterfestival.co.uk

It will come as no surprise that fund-raising has been very difficult again this year, and if you would like to help, please visit our website and donate. We would be very grateful.

Our HQ during the Festival is The Pod in Friary Shopping Centre. We shall be there for the 11 days as will many events, and.....a tombola every day. What could be better? See you there!

Booking Information

For events that require pre-booking or payment please visit the Worcester Festival website for the link to purchase tickets. Booking fees may apply.

Tickets may also be available on the door of the relevant venue immediately before the start of the event, but we recommend booking ahead where possible to ensure your place.

Some events are free and require no pre-booking, simply turn up on the day.

Some free events require pre-booking due to limited place numbers, be sure to check the event guide or website for details about a particular event.

Access for people with disabilities – Many events in the Festival have access for people with disabilities, but it is not always possible – for example in very

ancient buildings. Please contact the event organiser or location to check accessibility information for an event.

Please note that occasionally event details may be changed, and on rare occasions events may be cancelled. Please see www.worcesterfestival.co.uk for the most up-to-date information.

Huge thanks to our financial supporters, who make the Festival possible.
